

Storage At Your Fingertips

More Power With USB 3.2 Gen 1

The Marvel M02 Type-A USB flash drive is equipped with a USB 3.2 Gen 1 interface, which allows for speedy data transfers up to 5 Gbps. On top of that, with up to 128GB of storage capacity, you'll have more than enough space to take what you need with you.

Ready, Inside And Out

On the inside, the Marvel M02 is always ready with True Plug & Play technology, which eliminates the need for external power. On the outside, its aluminum casing is lightweight and durable, while a detachable cap protects the USB connector when not in use.

USB Flash Drive Marvel M02
