

Tracker compatible with Apple Find My technology

SKU: TEFINDBTW

Find all your accessories, objects and vehicles with this tracker

Track all your accessories everywhere

This tracker is designed for attachment to any object so that it can be easily tracked. Thanks to Find My technology compatibility, you can take advantage of Apple's Find My network coverage to find your items anywhere in the world. Keep your bike, bag and keys safe at all times.

It works with the application Where is

As soon as it is removed from the packaging, it is immediately ready for use. Pair the tracker with the 'Where is' application on your iOS device. Through the application you can make it sound at a power of 90-100 dB and hear it up to 50 metres away. You will also be able to reach it thanks to the dedicated function.

Removable lanyard included

The included lanyard allows you to attach it easily, quickly and securely to any object.

Key features:

- immediately ready to use: CR2032 battery included
- compatible with Apple Find My network and application
- alarm volume: 90-100 dB
- alarm audible up to 50 metres away
