Product name : G-SR-SE Bi

- Humidity resistance cloth surface with color printing
 - Smooth glide feel with steady control
 - Non-stitched edges
 - Uniform high-density rubber base with right softness, provides unique stopping power
- G-SR-SE Bi

ZOWIE G-SR-SE Bi Gaming mouse pad Green:

Smooth glide feeling with steady control

A slightly smoother glide feel makes it easier to start moving the mouse; with less friction for mobility in multiple angle movement and long distance aiming, while at the same time maintaining similar stopping power for stable control.

The Pro's Choice for Unmatched Performance

Unique stopping power

A base with the right degree of softness provides adequate stopping power.

Enhanced Humidity Resistance

G-SR-SE Bi's top layer of cloth stays dry and avoids sticky glide feeling often resulted from clogged moisture.

Improved durability

G-SR-SE Bi has a different texture which reduces the problem of glide inconsistency after frequent use and therefore enhancing durability.

Uniform high density rubber base
